POLICY BULLETIN

MCWDB PB # 16-21	Date Released: September 22, 2021
To:	All Merced County Workforce Development Board Staff and Service Providers
From:	Erick Serrato, Director, Merced County Workforce Development Board
Effective Date:	September 22, 2021
Subject:	Matched and Leveraged Resources
Responsible Official:	MCWDB Executive Director

PURPOSE

This policy provides guidance and establishes the procedures regarding Matched and Leveraged Resources served with Workforce Innovation and Opportunity Act (WIOA) funds.

POLICY

Match funding is defined as additional non-Federal resources expended to further the grant objectives, if required either by statute or within the grant agreement as a condition of funding as per Uniform Administrative Guidance Requirements 2 CFR § 200.29 and 2 CFR § 200.306. All matching funds must be spent on allowable grant activities and in accordance with the cost principles. The grantee cannot claim both an allowable cost (to be reimbursed from grant revenue) and a match expenditure.

There are two types of match expenditures: cash and in-kind contributions. Cash match reflects additional funds or services (allowable costs) provided and paid for by the grantee from non-Federal funds supporting grant objectives and outcomes. The value of the cash match is the actual costs incurred as reflected in the grantee's accounting system. In-kind contributions are allowable costs and services that the grantee does not pay but rather a third-party organization. Again, these costs and services must support allowable grant activity and outcomes. The rules that apply to determining the value of such services are found in the regulations at 2 CFR § 200.306 (b) and 2 CFR § 200.306 (d). Examples of in-kind contributions would be personal services provided by volunteers or paid non-grantee staff, equipment and supplies, or space provided by another organization at no cost to the grant.

In order to qualify as match, the costs cannot have been paid from Federal funds, been charged to program income, or used to match other Federal match requirements, nor have they been for costs that are unallowable under grant regulations. Records must be maintained that support the cash match costs within the grantee's accounting system and be available for audit and review. For third-party contributions, the support for the value must be verifiable from sub grantee records or be maintained by the grantee, including the methods used to determine the value.

For Employment and Training Administration (ETA) programs, match may be required by statute (as in the former Welfare to Work programs) or as a condition of funding (reflected in the grant agreement). If match is required, it will be reflected on the SF-424A Budget and reported on the Federal Financial Report.
